## New connected lighting solution

OCTO is our easy to use wirelessly controllable lighting solution that gives users complete control of their luminaires via an intuitive app or smart accessories. Utilising Casambi technology OCTO delivers the complete smart lighting package. Perfect for residential, retail or commercial environments our solution has a comprehensive range of features that interact flawlessly with your smart device.

- Easy to use, wireless controllable lighting system
- Intuitive operation and set-up via a smart device
- No need for an external gateway device
- Automatically forms a fast-wireless mesh network
- Nearby OCTO powered by Casambi devices are clearly seen and added
- Device firmware can be updated over the air
- Cloud services enhances user experience
- Smart lighting control switches can be easily added to the OCTO powered by Casambi system

# What can it do?

Gallery feature makes control more intuitive than ever. Users simply take photos of a space, and mark the positions of the luminaires. Then they simply tap the one they want to control.

Network security can be an important consideration so different sharing settings can be set for each network with different administrator passwords.

Set Groups

5

OCTO

Switch on & off, Dim or change colour Temperature.

Add a wireless smart switch

Easily commission motion sensors, these can assist in energy saving by only illuminating an area when they detect movement.

Free firmware updates.

Lighting scenes and schedules create the perfect ambience for different occasions and needs.

With the calendar and timer functionality, scenes and animations can be turned on and off based on a convenient time and date to suit a user's needs.

\*Colour temperature may only be adjusted with compatible Smart Lamps

OCTO Outdoor Controller - **AOCTO/OC/IP65/200**

- Control outdoor lighting from smart device
- Heavy duty screw connections suitable for SWA / outdoor cable types
- Detachable connector block to aid connection of stronger cable types
- Waterproof with IP66 rating
- Robust polycarbonate casings for outdoor use. UV stabilised
- Intuitive fast operation from a smart App
- Can be used to control a group, sub groups or individual luminaires
- App commissioning includes, full control, dimming, scene setting and pre-set timer

Wiring Configuration

Compatible with: -  
 OCTO outdoor switch
